Show Your Clients Decorated Bottles from Etching Wines and Spirits

Wine, Spirits, Olive Oil, Balsamic Vinegar and Message in a Bottle.

Why would this be effective?

1. An upscale demographic is a great target audience for a high-quality gift of Wine and Olive Oil because the consumer already appreciates the product!
2. **This product is not available to the general public and not found in stores** - it is a fresh idea that has not been seen by a vast majority of consumers.
3. The product is **visually stunning** and makes an immediate positive impression on the recipient.
5. Each bottle decoration is **artfully hand-crafted and produced in the United States**, making it ideal for clients tired of buying products made overseas.
7. **Red Wine and Olive Oil are Heart-Healthy.** Olive oil in particular is perfect for companies associated with the medical industry.
8. **Decorated bottles are visible keepsakes that will constantly repeat the marketing message.** We have less than 3% consumption on our etched wine bottles.
